Fire Destroys Johnston
& Creamer's Large
Building.

LOSS ABOUT \$4,000.

On Saturday evening last about
6:15 a fire was discovered in the
loft of Johnston & Creamer's
livery, feed and sale stables. The
news was quickly circulated and
soon scores of willing hands were
at work pumping and carrying
water to the loft. The dense smoke
prevented a near approach or a dis-
covery of the progress made by the
devouring element. In spite, how-
ever, of all efforts the flames gained
headway rapidly and about 7
o'clock the fire burst through the
roof. Realizing that all attempts
to save the building were futile,
the crowd turned their attention to
the outbuildings in order to pre-
vent its spread to neighboring resi-
dences. Thanks to the recent
mild weather which had coated the
roofs with ice and to the untiring
watchfulness of the townspeople
and others the Massey-Harris
buildings were saved though lying
directly in the line of flying sparks.
Fortunately the wind was in a
most favorable direction. Had it
been from the south or west it is
almost certain that a large portion
of Qu'Appelle would to-day be
lying in ashes. By eight o'clock
the roof and walls had fallen in
and were almost wholly consumed.
It is not known how the fire
started nor how long it had been
smouldering before being discover-
ed. The large quantity of hay
and oats in the loft furnished
ample fuel and it is doubtful
whether the building could have
been saved even with a first class
fire apparatus.

The loss is estimated at \$4,000
with \$1,500 insurance.
The impromptu firemen did ex-
cellent service, as was shown by
their saving the Massey-Harris
stable about thirty feet away.
The firm had only been in busi-
ness about two years and last year
erected a handsome addition at a
cost of \$2,000. The loss will be
keenly felt not only by the firm
but by the whole of this district as
this was one of the finest stables
between Brandon and Regina.

Street Annoyances.

Editor The Progress.

Sir, I should like to know
whose duty it is to see that the
streets of Qu'Appelle are kept from
becoming objectionable to drivers.
It is positively becoming a disgrace
to this town to see so many ill-
behaved children running the
streets after cutters and jumpers.

One would think that if they are
asked to keep off it would be suf-
ficient; but no they become rude
and insolent. Nor is it becoming
to drive into town and have to use
the whip to keep off these street
children. One lady told me she
drove into town alone, and that
she asked about half-a-dozen big
boys to kindly keep off. Some
said they would not, and she was
insulted by having a snow ball
thrown at her back. Now, are
these things to be tolerated? Let
something be done at once to put a
stop to this most annoying street
nuisance. I ask parents and
school masters to speak to their
children, or one will have to call
upon the nuisance inspector and
police to see that such things are
not allowed.

Christmas Buying.

From now until after Christmas this store will be a busy one, and those
who wish the best selection of goods should buy as early as possible. Do
not put off until the last day or so before Christmas when there is the
greatest rush.

Christmas Prices.

This year Christmas prices have been put as low as in this store as is consistent
with quality. I want to make the profits you would pay to the railways
and express companies by sending out of town for goods. Those buying
quantities for Christmas trees can get special quotations.

My Stock.

I have tried to buy to suit the tastes of my customers, and I feel sure
there is no better selected stock west of Winnipeg.

PARSON IS KILLED

A DUEL WITH PISTOLS IN WEST VIRGINIA.

Hon. S. Davis Stokes Shoots and Kills Rev. John W. Wohl at Williamson.

Williamson, W. Va., Dec. 6.—This afternoon Hon. S. Davis Stokes shot and killed Rev. John W. Wohl in a street duel here. Mr. Stokes being almost dangerously wounded. An altercation arose between the men. Something was said almost indistinctly, that drew from Rev. Mr. Wohl that sharp retort, "You are a liar," and in an instant the report of a revolver was heard. Stokes stumbled, tried to regain his feet, but fell to the ground.

Wounded as he was, he drew his revolver and covered the minister, now within ten feet of his fallen foe. Again Wohl fired and simultaneously with that shot the gun in the hand of Stokes spoke. When the smoke cleared away, two men lay in their blood upon the sidewalk. The bullet had entered Stokes' side below the heart and passed entirely through his body. Rev. Mr. Wohl was recognized as one of the most forceful and eloquent of Presbyterian ministers of this state. Mr. Stokes is an ex-Virginian university president and comes from one of the best families of the "Old Dominion."

BROWNED IN THE CHANNEL

London, Dec. 6.—Storms have been sweeping over the British coasts and the ships in the channel have had rough experiences. Several minor wrecks have been reported. The steamer Rossgull, of Plymouth, foundered off the Island of Jersey.

St. Brieg, France, Dec. 6.—The English steamer Rossgull, which has been lost off the coast of Jersey, was engaged in the service between England and the Channel Islands and St. Brieg. She foundered in a gale at 11 o'clock last night.

According to the report which has reached here only 11 persons out of 40 people on board were saved.

AFTER MANY YEARS.

Liverpool, Dec. 5.—About two years ago the secretary of a railway company in the neighborhood of Manchester received a cheque for £110, being the amount paid to a gentleman in respect of injuries alleged to have been received by him in a railway accident in 1868, accompanied by a letter intimating that as he had never felt any ill-effects he could no longer still retain the money. A few days ago a further letter was received by the same gentleman from the same gentleman enclosing a cheque for £130, being interest on the £110 for a period of 30 years during which time the gentleman had retained the original payment made him by the company. This is a somewhat unique case of restitution.

KENTUCKY AT SMYRNA

Constantinople, Dec. 6.—Capt. Colby H. Chester, Lieutenant Wm. P. Scott and Wm. A. Moffatt, and English Leigh C. Palmer, of the United States battleship Kentucky, will remain here until after the Selanik. Friday. While at Smyrna Captain Chester exchanged visits with the vail governors and the naval authorities. The government has received all telegrams from Smyrna in regard to the Kentucky.

HAVING A SWELL TIME.

Portsmouth, Dec. 6.—This famous old town, around which is pivoted Britain's greatness as a naval power, was visited by the members of the Canadian regiment on their way home from active service in South Africa. Portsmouth in its long history has had many occasions for jubilation, but the reception to the men from the summer's greatest colony surpassed any demonstration of recent years.

London, Dec. 6.—The visiting members of the Royal Canadian regiment, piloted by the Duke of Argyll, Mr. Joseph Chamberlain, Lord Lansdowne, the Duke of Devonshire, and others, visited the house of parliament this morning.

Mr. Chamberlain in an address acknowledged the indebtedness of Great Britain to the colonial troops. The Canadian contingent was enthusiastically welcomed in the house of lords by Lord Lansdowne and the Duke of Aberdeen in brief speeches.

Col. Otter, in thanking the speakers, denied the allegations of bad treatment of the Canadians. He said the only complaint he and his men had to make was that they were being killed by kindness.

MURDEROUS DISCOVERY.

Paris, Dec. 6.—The severed head, arms and legs of a young man have been discovered in some waste ground near the Rue des Foyotiers at Belleville and another package containing a dismembered and otherwise mutilated trunk was found in a gateway on the Rue du Faubourg St. Denis, a mile and a half distant. The two discoveries apparently refer to the same murder. The first package was deposited late last night by six men who were seen from a dwelling house opposite. The crime has caused a great sensation.

FROM BOTH HEMISPHERES.

Important News Condensed into Brief Paragraphs.

Vancouver, Dec. 5.—W. T. Wilson, a commercial traveller, was found dead on his own veranda this morning.

Ottawa, Dec. 6.—It is reported here that Archbishop Duhamel, of Ottawa, is to be created a cardinal in the place of the late Cardinal Taschereau.

London, Dec. 6.—John Luke Holy-Hutchinson, fifth Earl of Donoughmore, at one time assistant commissioner in Eastern Roumelia, died of paralysis in London today.

Dublin, Dec. 5.—Viscount Halifax, president of the English Church union, and one of the leaders of the ritualistic section in the Church of England, is about to join the Church of Rome.

Rome, Dec. 6.—In consequence of the rise of the river Tiber the quay Anguilla, 300 yards long, which had been undermined, slid into the river yesterday. The damage done is estimated at two million lire.

Seranton, Pa., Dec. 6.—A serious cave-in occurred this morning at the Hay Aug mine, near Dunmore. It is reported that 51 men are entombed. Great excitement prevails and particulars are hard to get.

London, Dec. 6.—In response to a confidential inquiry as to whether Mr. Kruger would be welcomed here, says the Vienna correspondent of the Daily Mail, a polite reply was returned to the effect that Emperor Francis Joseph had made other dispositions for the next few weeks.

Louisville, Ky., Dec. 6.—The twentieth annual convention of the American Federation of Labor began here yesterday in Music hall. Delegates are here from all parts of the country, making it a very large convention. The federation has grown at a surprising rate the past few years.

Cologne, Dec. 5.—An Anglophone demonstration took place yesterday in front of the British consulate here. Mounted police dispersed the rioters and arrested the leaders. Serenades and ovals to Mr. Kruger, planned by various societies, have been forbidden in the interest of public safety.

Ottawa, Dec. 6.—At a meeting of the board of trade last night a resolution was passed appointing a delegation to wait on Sir Wilfrid Laurier and Mr. Fielding to ask that in the event of a branch of the royal mint being established in Canada it should be located in the city of Ottawa.

Victoria, Dec. 6.—Five petty thieves, recently arrived from Seattle, were yesterday sentenced to one year each for having sold handkerchiefs and other small articles stolen from city stores in their possession. Had the articles been valued at \$10 or more, the thieves would have been liable to 14 years under the new code.

Victoria, B. C., Dec. 6.—The announcement was made today that the provincial government proposes to introduce legislation to bonus shipbuilding. At present the British Columbia millmen and other shippers suffer from the discrimination of American shipowners and agents in American ports.

Kingsley, Dec. 6.—Two attempts to destroy the business portion of this town by fire were made last evening. One fire was started in a hotel at the rear of the Hotel Exchange, and the other in a shed at the rear of Wride's barber shop. Both were discovered and extinguished before much damage was done.

Los Angeles, Cal., Dec. 5.—Complete returns of yesterday's election show that N. P. Sargent, the Democratic nominee for mayor, was elected by a plurality of 2,000 over Herman Silver, the Republican candidate. The Republicans elected seven of the nine councilmen and five of the other eight municipal officers.

Baytown, Ont., Dec. 6.—Incendiarism is rampant in the town. Five such fires were discovered yesterday between early morning and evening. The last was the most serious and destroyed the fruit evaporating factory and considerably damaged the mill and saw factory of John T. Manning. Other fires did little damage.

Montreal, Dec. 6.—The G. T. R. are about completing at Portland, Maine, at a cost of \$1,000,000 a series of five such lines to handle the coal which the company is to have carried to its Atlantic terminal from Cape Breton for the use of its line. It is also likely that large quantities will be carried by the same route for commercial purposes.

Paris, Dec. 5.—Gen. Mercier caused a sensation in the senate today during a debate on the naval bill by pointing out the ease by which England could be invaded. He demanded that they introduce into the plans for the mobilization of the army the navy methods for the rapid embarkation of an expeditionary corps. The president declared that such proposals were out of order and the senate adjourned.

PARISIAN IN PERIL

THE ALLAN LINER BROKEN DOWN OFF HALIFAX.

A Mob of Strikers at Lathrop, Pa., Attack the Superintendent—Prison is Full.

Halifax, Dec. 5.—At midnight the steamer Parisian was reported off the harbor by the signal station at Campdown. Shortly after that a heavy snow storm, accompanied by high winds, set in, and as the steamer had not come into the harbor it was thought she had put out to sea again. At 2 a.m. the pilot boat arrived and reported the steamer Parisian broken down off Sable Island. The boat made all haste to the city as the steamer required all available assistance. She is now anchored between Sable Island and Sambro. The storm is increasing in fury.

FIGHTING AT THE COAL MINES.

Lathrop, Pa., Dec. 5.—A riot occurred here yesterday at the works of the Bessemer Coal and Coke company. Three deputy sheriffs were injured and as a result the borough prison is full of strikers. A mob of 500 excited men, who are striking, came to the works last night shouting and jeering, and proceeded to camp there. Supt. R. M. Martin accompanied by E. P. Dayton, a superintendent of the company's works down in the Connellsville region, arrived, and when they alighted from their buggy one of the mob approached and threatened the life of Mr. Dayton, who immediately came here and laid information against the strikers who were held in \$500 bail. This was the start of the trouble and later in the night the fighting became furious.

TEXAS TRAGEDY.

Dallas, Texas, Dec. 5.—Screams of agony brought policemen to a saloon in East Dallas yesterday. They found a man, unable to move, was a man whose garments were a mass of flames. The officers saw Eugene Faulkner and J. W. Chapman were standing behind the bar, smoking cigars and watching the unfortunate man, who was being roasted to death.

"Bring some water here, quick," shouted an officer.

"Get it yourself," the policeman declared one of the men retorted.

"Let him die. What's the use of worrying over him?"

One of the officers took off his coat and with it beat out the fire. The man was sent to the city hospital, where he died later. Soon after his arrival at the hospital, two men were brought before him for identification, when it was discovered that his eyes had been destroyed. He was Pate Bam, for many years a constable in this county. It is claimed by the officers that Bam was dropped and as he reclined in a chair unconscious a quantity of turpentine was poured over him and a match applied. The man was literally roasted alive. The two suspects were put in the city jail and guarded by deputies.

SCALDED IN BATH TUB.

New York, Dec. 5.—Edward B. Quinn, 31 years old, editor of the magazine Successful Americans, registered at the Delavan hotel Friday last. He went to his room and turned on the water in the bath tub preparatory to taking a bath. He had shut off the hot water and allowed to run. On his returning Mr. Quinn without investigating the temperature of the water jumped in and the bath tub and was scalded all over his body. Mr. Quinn died last night.

TO FORTIFY SYDNEY.

Halifax, N. S., Dec. 5.—Negotiations are being carried on by a reputable firm looking to the purchase for the British government of several water lots in Sydney harbor and considerable land on the city's side. Next will be made the base of supplies for the navy, as coal can be secured there in unlimited quantities at a minimum price. The strategic importance is also of significance as it is within striking distance of the Miqelon Island.

DEATH IN THE BEER.

London, Dec. 5.—The beer poisoning epidemic at Manchester, which has so worked up the north of England, has now spread to London. The county council announces that it is taking active measures to protect the community.

In the Manchester and Liverpool districts there are already over a thousand patients, and there have been nearly 70 deaths due to a bad lot of glucose supplied to favorite local brewers.

PACIFIC CABLE CONTRACT.

London, Dec. 5.—The Pacific Cable company has accepted in behalf of the governments of Great Britain, New South Wales, Queensland, and New Zealand, the bid of the Telegraph Construction and Maintenance company to make and lay a cable from Vancouver to Queensland and Zealand via Fanning, Fiji, and Norfolk Islands for \$1,745,000. The work to be finished at the end of 1902.

MUNICIPAL OR PRIVATE OWNERSHIP.

At the annual meeting of the Agricultural Society on Wednesday last it was decided to get up a petition praying the Council to build and control a farmers' elevator in this town. The main claim in favor of this plan is that it will raise wheat to truck price, an increase of about three cents per bushel on usual rates here. It is generally admitted that the elevator would not be a paying concern directly, but would benefit the farming community in the price per bushel obtained, and the remainder by the circulation of more money. This is good so far as it goes, but there is no guarantee that the grain growers will use the elevators sufficiently to make it pay directly or that the other elevator companies will raise the price as suggested. There is, in fact, little likelihood of them fighting a municipality.

Again the ratepayers who are not grain growers will have to consider whether it will pay them to support such an undertaking for the doubtful chance of having some of the prospective gains filter into their pockets. If there was a united effort throughout the municipality to advance its status and to help each other there would be no fear of the result, but we regret to say this is not so. Many farmers at the present time send hundreds of dollars east for their supplies and there is no prospect that an increased price of wheat would materially alter this condition. Can anyone be blamed, therefore, if he opposes putting more money into eastern men's pockets at the expense of his own?

That another elevator is required we do not deny, but those directly interested are the ones to erect it. As we said last week it is an easy matter to prevent the shares falling into the hands of a few by limiting the number which any one man can hold.

Again we invite discussion in our columns.

MUNICIPAL ELECTION.

Last Monday's election proved clearly that our community was not so much as it was last week that Mr. Lenz was not to be re-elected to the German vote.

was correct. But a small number of Germans supported Mr. Lenz, and we have it on good authority that a number of these people worked against him.

There was no necessity for an election at all as no charges were brought against the Council for 1900. In fact they deserve credit for their progressive policy and the impartial manner in which they worked for the benefit of the whole Municipality. As in all undertakings, there was perhaps a little dissatisfaction in certain quarters, but not sufficient to warrant a change. The decision of the electors has been given and it will be to the interest of all to give the Council all the assistance in their power where wise and beneficial legislation is in prospect.

NOTES.

What is the Council for 1901 going to do toward attracting settlers to our vacant lands? There is room for them to win great credit in this matter. Who will be the first to suggest a plan?

The people of South Qu'Appelle municipality should begin to consider the question of building a new town hall. The government may at any time use the present building for housing immigrants.

British Columbia has returned two more Liberals to swell the majority in the House of Commons. The government should now be in a position to fulfil some of its pledges made in 1896. We in the west would like to see cheaper farm implements, cheaper coal oil, competition in railways with a decided preference for a national line and a better recognition of western rights.

British Columbia has returned two more supporters of the Liberal government to swell the majority in the House of Commons. The government should now be in a position to carry out some of its unfulfilled pledges made in 1896. We in the west would like to see cheaper farm implements, cheaper coal oil, competition in railways, with a decided preference for a national line and a settlement of the C. P. R. lands question.

In another column appears a letter from "One Disgusted," complaining of the behavior of town boys. The charge is a serious one and worthy of the consideration of parents and those having charge of the welfare of the town. Let a town get the name of encouraging misbehavior of any kind and its chance of securing a good class of law-abiding citizens from elsewhere is materially lessened. It is false kindness to wink at impoliteness and rowdiness in any class. If the trouble continues a fine imposed on two or three of the ringleaders would arouse the parents to a sense of their responsibility.

It was resolved to hold the annual reunion on Thursday, Dec. 20th.

A vote of thanks was tendered to the retiring President and 1st Vice-President for their efficient services during the past term.

The Light of the World

or

Our Saviour in Art.

Cost nearly \$100,000 to produce. Contains nearly 100 full page engravings of our Saviour and His Mother by the world's greatest painters. True copies of the greatest Masterpieces in the art galleries of Europe. Every picture is as beautiful as a sunrise over the hills. Contains description of the paintings, biography of the painters, the names and locations of the galleries in Europe where the originals may be seen. Also contains a Child's Story of the Christ and His Mother, beautifully written, to fit each picture. This wonderful book, matchless in its purity and beauty, appeals to every mother's heart, and in every Christian home where there are children the book sells itself. Christian men and women are making money rapidly taking orders. A Christian man or woman can in this community soon make \$1,000 taking orders for Christmas presents. Mrs. Waite, our agent in Massachusetts, has sold over \$3,000 worth of the books in a very short time. Mrs. Sackett, our agent in New York, has sold over \$1,500 worth of the books in a very short time. The book is printed on velvet-finished paper, beautifully bound in Cardinal Red and gold, and adorned with Golden Roses and Lilies. It is, without doubt, the most beautiful book of this century. Write for terms quickly and get the management of that territory. You can work on salary or commission, and when you prove your success we will promote you to the position of Manager and Correspondent, at a permanent salary, to devote your time to attending to agents and the correspondence. Wanted also a State Manager to have charge of office in leading city of the State and manage all the business of the State. Sent for terms. Address—

SOUTH AFRICA.

CIVIL GOVERNMENT WILL SHORTLY BE ESTABLISHED

Mr. Joseph Chamberlain Announces the Programme in the House of Commons.

London, Dec. 9.—In pursuance of an agreement reached by the Liberals, owing to the unsatisfactory nature of the government's explanations, Mr. A. Emmott, Liberal, moved an amendment to the address, to the effect that it would conduce to the pacification and future good relations of the races of South Africa, if measures securing the liberty and property of those who surrender, and providing for the future settlement of the territories, be announced at the earliest moment possible.

Mr. Chamberlain said the government hoped—it was hope and not prophecy—that very shortly, indeed, before the house met again, something in the nature of a civil constitution might be established in both the Orange River and Transvaal colonies. Sir Alfred Milner, he added, would be appointed governor of both.

Continuing, Mr. Chamberlain said a lieutenant governor would be appointed for the Orange River Colony, and that both governments would have executive councils, but not necessarily the same constitution. Mr. Chamberlain also said he had suggested to Sir Alfred Milner the issue of proclamations in English and in Dutch, setting forth the government's intentions, which were animated by no vindictiveness against the men in arms. The government thought it impossible that reasonable men could ask it to fix a day when full self-government could be granted.

The government had laid down three objects. First, to end the guerrilla war. It would not surprise him if the Boers had destroyed more farms than the English. Never in history had a war been waged with so much humanity. The women had only been deported for their protection. The native population was unserviceable for acts of proved outrage of women and children, and it had been shown that in no case had a British soldier been justly accused. The farm burning was greatly exaggerated. Lord Roberts had only sanctioned the burning of farms as punishment in case of complicity in the rebellion or damage done to the railroads. The government sanctioned Lord Roberts absolutely. The government was bound to leave large discretion to the military.

The second object was that when pacification was accomplished a crown government would be instituted.

The third object was ultimate self-government.

BRITISH HOUSE OF COMMONS.

London, Dec. 9.—The fifteenth parliament of the reign of Queen Victoria opened on Friday. Before the lights went out in the ancient chambers almost every leading politician had spoken. Such force, personal animosity, such bitter invective had scarcely occurred before to mark such proceedings at Westminster.

Mr. Joseph Chamberlain, secretary of state for the colonies, was the centre of the storm. The policy of the empire regarding South Africa and China, the conduct of the war against the Boers, and in fact all the questions vitally affecting the empire were gravely discussed and explained, but dominating all was the opposition hatred of the colonial secretary. From Lord Rosbery's scolding allusions in the house of lords, when he assumed what may be taken to be the practical leadership of the Liberal party, to the outspoken comment in the house of commons, criticism of Mr. Chamberlain permeated almost every utterance from the Liberal benches.

KITCHENER'S POLICY.

Johannesburg, Dec. 9.—Gen. Bullen-Powell has fixed the headquarters of the Transvaal police force at Modderfontein, where the dynamite factory buildings will be used as a barracks.

In pursuance of the reconcentration policy the authorities here are preparing accommodation in the race track for 1,000 people from farms in vicinity of the Rand. The burghers will be herded in laagers and will be strictly watched. A notification appears in the Gazette to the effect that all able bodied British subjects are liable to be conscripted for service in the Rand Rills.

Chicago, Dec. 7.—Two attempts were made to hold up cars on the West Side last night. The first was productive of a fight and the final capture of the robbers by the capture of two of the car and came near ending in a lynching.

Two hours later three men tried to hold up a car on West Fourth avenue. The car was chased two blocks by the bandits, who fired several shots after it, but the driver whipped up his horses and escaped.

Kingston, Dec. 9.—A and B batteries are to be brigaded at Kingston, the field batteries at Quebec going to Kingston, and both sections being added to by the permanent forces in South Africa. The artillery barracks are being filled up.

Washington, Dec. 9.—Bids were opened at the navy department yesterday for the construction of five new battleships, and six armored cruisers, aggregating a total displacement of 124,000 tons, and comprising the largest, consignment of material for the navy ever contracted for at a single bidding.

PEARSON IS HANGED.

Hamilton, Dec. 9.—George Arthur Pearson, 21 years old, grocery driver who Sunday, Sept. 23, shot his sweetheart, Annie Griffin, 19 years old, while driving along a country road, seven or eight miles from this city, suffered the penalty of the law Friday morning. He was hanged in the jail storehouse at 7:53, and after the drop there was not a single muscular movement, although pulsation continued for fifteen minutes. Pearson was wonderfully firm and calm.

He admitted his crime and the justice of his punishment, and although he made no boast or show about it, he professed to have made his peace with God, and said he would gladly if his death could restore the life he had taken.

Official Hangman Radcliffe had charge under the sheriff, and the execution passed off without the slightest irregularity. It was witnessed by officials, a jury, a dozen members of the medical profession, and one representative from each of the city papers.

Pearson, who slept soundly during the night, and had been awakened in the morning, walked calmly to the scaffold. A faint smile played about his features as he ascended the steps of the scaffold unassisted, and stepped firmly upon the trap. During the adjustment of the black cap Pearson stood with his hands peacefully folded upon his breast.

BOERS ARE ACTIVE

BRITISH LOSS 15 KILLED AND 23 WOUNDED.

General De Wet Crossed the Caledon With General Knox in Hot Pursuit.

London, Dec. 7.—The war office has received a dispatch from Lord Kitchener, dated Bloemfontein, Dec. 6, announcing that Gen. DeWet with 500 Boers attacked a convoy proceeding from Pretoria to Rustenburg at Bafeloort, Dec. 3, burned half the convoy, and killed 15 men and wounded 23, including Lieut. Baker. The Boers suffered considerable loss, some of them being killed with case shot at 50 yards. Guns and assistance were sent from Rustenburg and Comandoo Nek, and the Boers driven off.

At Midway North, Dec. 7.—Last night a British patrol came into contact with DeWet's outposts close to the place where his main force was holed. They took one prisoner, who stated that DeWet was suffering from continual trekking, and had abandoned a Krupp gun near the south bank of the Caledon river. The prisoner also asserted that the British troops captured at Dewet's camp had been liberated with the exception of the officers.

GOOD ADVICE FROM BOTHA.

Cape Town, Dec. 7.—Paul Botha, who was a member of the Orange Free State volksraad for 21 years, has issued a pamphlet appealing to his fellow countrymen to accept the inevitable and accept British rule, which, he says, is alone possible in South Africa, although Great Britain's past was a grave mistake. He says that he has repeatedly, and vainly, appealed to Steyn and De Wet to cease fighting. He bitterly attacks Steyn. He predicts that Britons and Boers will eventually live peacefully together under the British flag.

"QUEEN'S SPEECH" VERY BRIEF.

London, Dec. 7.—A few minutes after the speaker, Mr. William Gladstone, had taken his seat in the house of commons this afternoon the gentleman usher of the black rod summoned the commons to the house of lords, where the lord chancellor read the Queen's speech.

"My Lords and Gentlemen.—It has become necessary to make further provision for the expenses incurred by the operations of my armies in South Africa and China. I have summoned you to hold a special session in order that you may give your sanction to the enactments required for this purpose. You will not enter into other public matters requiring your attention until the ordinary meeting of parliament in the spring."

A number of ladies were present at the proceedings in the house of lords though the peers present numbered less than a dozen apart from the four royal commissioners representing the Queen, among whom was the Duke of Marlborough.

RESCUES UNDER DIFFICULTIES.

Saratoga, Pa., Dec. 7.—Impressed one thousand feet in a coal mine at Dunmore, near here, thirty-two men had a desperate battle for life yesterday as the result of a mine cave-in and only succeeded in gaining their liberty by digging their way out.

The cave-in was at the mine of the Noy Aug Coal company. Five acres of surface fell into the mine and completely blocked the exit of the thirty-two men, who were far in the interior. Those on the outside formed themselves into a rescuing party and while feeling that the men would not be reached in time worked with a will. Meanwhile the imprisoned men went on idle. With their shovels and picks they began working at a point where the fall had blocked the main gangway at a point where it led to a roadway through which an exit could be made. After some hard work they succeeded in clearing a way sufficiently large to get through before the rescuing party reached them. None of the men were injured.

STIFFOCATED BY GAS.

Pictou, Dec. 7.—When Geo. Lowe entered the rooms over C. B. Allison's drug store, occupied by Abram Drummond, and two sons, he was terribly shocked to find two boys lying dead and a third breathing heavily. He at once gave the alarm and called a doctor, who tried to resuscitate him, but no hopes are entertained that he will recover. The father and the eldest son, a young man of eighteen years, were lying in the same bed, while a smaller boy, about twelve, was lying in a separate bed, evidently just as they had retired last night. The dampers to the stove had been choked completely off, which probably had been done before the gas burned off sufficiently.

Evansville, Ind., Dec. 6.—One life was lost and several persons were injured in a fire here yesterday which destroyed the structural iron works of George L. Mesker & Co., of First street and Lowenthal's commission house.

Right of a warehouseman to sell property described in a storage receipt is denied in *State versus Cawley* (Minn., 48 L. R. A. 192, notwithstanding a provision in the receipt that the stored property may be pledged with other property of the same kind or transferred to other elevators or warehouses.

Publishing in church papers by the officers of a church, as to the result of their inquiry as to the fitness of their pastor for his office, is held in *Edna versus Bouch* (Kan., 48 L. R. A. 230, to be a privileged communication, when it is made in good faith with reasonable occasion for the publication.

Failure to apply for an extension of a company's patent for machinery that are still valuable in the estimation of the patentee, which proceeds for an extension on application is held in *Henderson versus United Fruit* (Ky., 48 L. R. A. 230, to be an estoppel on the part of an executor or administrator with the will annexed, who is in possession of the premises and of the policy.

SORE FEET.—Mrs. E. J. Neill, New Armagh, P. Q., writes: "For nearly six months I was troubled with burning sores and pains in my feet to such extent that I could not sleep at night, and as my feet were badly swollen I could not wear my boots for weeks. At last I got a bottle of DR. THOMAS' ELECTRIC OIL and resolved to try it, and to my joy, almost instant relief. The oil cured the sores, and the one bottle accomplished a perfect cure."

Dodd's Kidney Pills

are the only medicine that will cure Diabetes. Like Bright's Disease this disease was incurable until Dodd's Kidney Pills cured it. Doctors themselves confess that without Dodd's Kidney Pills, that ever cured Diabetes, imitations—box, name and pills, are advertised to do so, but the medicine that does cure Diabetes is Dodd's Kidney Pills.

Diabetes

is Dodd's Kidney Pills. Dodd's Kidney Pills are fifty cents a box at all druggists.

Mrs. Celeste Coen, Syracuse, N.Y., writes: "For years I could not eat many kinds of food without producing a burning, excruciating pain in my stomach. I took Paine's Pills according to directions under 'Deep sea or Indigestion.' One box entirely cured me. I can now eat anything I choose, without distressing me in the least. These pills do not cause pain or griping, and should be used when a cathartic is required."

A DINNER PILL.—Many persons suffering agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach and instead of being a healthy nutriment it becomes a poison to the system. Dr. Paine's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open secretions and convert the food partaken of into a healthy nutriment. They are just the medicine to take if troubled with indigestion or dyspepsia.

There are so many cough medicines in the market that it is sometimes difficult to tell which to buy, but if we had a cough, cold, or sore throat, we would try Bickel's Anti-Consumptive Syrup. There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, but all that cured was to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Bickel's Catarrh Cure, manufactured by Bickel & Co., of New York, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to 100, and it cures the disease in the blood and on the surface of the system. They offer one hundred dollars or the cure, full to cure. Send for circular and bottle medicine.

A Scotsman was walking along Trafalgar square one day, when he stopped in front of the National gallery. Seeing a number of people going in, he walked in too.

He was surprised to find he had nothing to pay, it being a "free day." After passing the turnstiles, however, he was asked to hand over his walking stick.

"No fear," he replied cautiously. "I thought there was some door (where) when you get in free."

He gave a wink at the attendant and walked out.

DIZZINESS AND NAUSEA

CAUSED BY OVERSTUDY AND CLOSE CONFINEMENT.

How a Popular School Teacher Suffered—And How, Acting on a Friend's Advice, She Tried Dr. Williams' Pink Pills and Was Restored to Health and Strength.

"About the most thorough and popular teacher we have ever had here," is the opinion expressed by the people of Canaan, N.S., of their present young lady school teacher, Miss Nellie Cullen. Miss Cullen is possessed of keen intelligence and engaging manners, and has been particularly successful in her chosen profession. At present she looks the picture of health, and one observing her good color and buoyant spirits, would never think of associating her with such conditions as, however, only last autumn that she was almost hopeless of continuing in her work on account of her ill-health, and her condition was a source of alarm to her friends.

"Yes," she said to an Arden reporter who called upon her recently to learn the particulars of her case, "I suppose it is a duty I owe to Dr. Williams' Pink Pills that I should make public the wonders they worked for me, but perhaps I would not have thought of it if you had not called."

"You see, in addition to my teaching, I have been studying very hard over my 'B' work, and then I was attacked with a sleeping cough which did not leave me for a long time, and so I became pretty well run down. I was always considered the embodiment of health at home, but last autumn I was really alarmed over my condition. Sometimes, in my bedroom I would be seized with dizziness, and often I would faint away. I would take vomiting turns, and had a feeling of nausea and languor all the time. I lost my sleep and became thin and pale. It seemed as if my blood had turned to water."

"This condition of things was so different from anything which I had previously experienced that I sought medical advice at once. I was informed that I was suffering from anemia, and I at once put myself under medical treatment. But although I tried several bottles of prescriptions, my condition seemed to get worse all the time. I was then sent home for my Christmas vacation. I was almost in despair. It was while I was at home, however, that my friends advised me to use Dr. Williams' Pink Pills. Acting upon their advice I took up my medicine box and used the first bottle, but used four or five, and then the cure was complete. Ever since then my health has been excellent and I have lost my old-time self, and am able to attend to my duties, which, by no means light, without fatigue and languor that made work irksome. You may depend upon it, I will always have a friend and a ray for Dr. Williams' Pink Pills."

If your dealer does not keep these pills in stock, they will be sent post paid at 50 cents a box or six boxes, \$2.50, by addressing the Dr. Thomas' Medicine Co., Brockville, Ont.

After the dust has settled it will probably be found to be England's sphere of influence that the allies have been turning through the Chinese rush line and over the goal.

Pins. Queen Catherine obtained pins from France, and, in 1543, an act was passed, "That no person shall put to sale any pin, but only such as shall be double headed and have the heads soldered fast to the shank of the pin, the points well round filed, curled and sharpened."

At this time most pins were made of brass, but many were also made of iron, with a brass surface. France sent a large number of pins to England in 1623.

In the year one John Tilsby started pinmaking in Gloucestershire. So successful was his venture that he soon had 1,500 persons working. These pins made at Stroud were held in high repute.

In 1836 pinmakers combined and founded a corporation. The industry was carried on at Bristol and Birmingham, the latter becoming the chief center. In 1775 prices were offered for the first native made pins and needles in England, and during the war in 1812 pins fetched enormous prices.

Pins vary from 3 1/2 inches in length to the small 2 1/2 inch pin, and 1/2 inch weighing about an ounce.—Good Words.

Beauties of Nature Which We Miss. Dr. Charles C. Band for Qu'Appelle.

Over a year ago we urged the organization of a band in town, but our efforts proved futile. Last Thursday evening, however, a number of the young men met and organized the nucleus of a band and sent off for music. Some years ago Qu'Appelle had a good band and since its untimely demise the horns have lain around idle. It is proposed to make use of these instruments and try to induce as many as possible of the old band to join. For this purpose a meeting of all interested is called for Tuesday next, 18th inst., at the town hall at 7:30 p.m. We have every encouragement will be given this movement.

"Better than last year" seems to be the motto of the Family Herald and Weekly Star, and this year their offer is certainly the best yet.

In offering two such pictures as "Christ in the Temple" and "Home from the War" along with such a great paper as the Family Herald and Weekly Star for one dollar simply encourages all competitors from even trying to follow in the race. The Family Herald and Weekly Star is in a class exclusively by itself, and their premium pictures instead of being like those offered by some other papers, are more like those one sees in an art store with a label "Price \$10.00" placed on them. If there is a bigger dollar's worth going this year we want to know it.

After several ineffective efforts to organize a Literary Society in town the project has been abandoned as insufficient interest was shown by the people.

Agricultural Reunion.

The annual reunion of the South Qu'Appelle Ag. Society will be held in the town hall on Thursday evening next, 20th inst. No pains are being spared to make it a thorough success. Good music, dancing, cards and other amusements, and an excellent supper will be provided. Remember the fair will be held at Qu'Appelle next year and it behooves the people in this district to give the society their hearty support. Tickets to reunion, entitling the purchaser to membership in the society for 1901, \$1.00.

The Progress & Family Herald.

To have the two papers in your home is to have two of the best journals obtainable for news, literature and other interesting matter. We offer them to our subscribers old and new for \$1.75 for 1901. The two pictures, "Christ in the Temple" and "Home from the War," samples of which are on exhibition at this office, are easily worth \$1.00. We shall be pleased to present a limited number of these pictures to a few energetic persons who will try to secure us subscriptions for the two papers at above clubbing rate. Write soon.

The Presbyterian Review.

Published by The Poole Publishing Company, Toronto, contains a large amount of interesting matter in its issue of Nov. 29, just to hand. On the front page of the cover is an excellent picture of the Rev. D. C. Hossack, M.A., L.L.B., editor. There is also an illustrated article on the work of Rev. Wm. Meikle, who has been stated pastor of Cooke's Church, Toronto, during the vacancy; also on Rev. A. B. Winchester, minister-elect of Knox Church, Toronto; on Rev. A. J. McLeod, late Principal of the Regina Industrial School. The number contains an excellent reproduction of the central figures of those about the Moderator's desk at the Historical Moment when the Covenant of Union was signed uniting the two Scottish churches. The news of the churches is exceptionally well arranged, and of the advertising pages the most interesting is the full-page illustration showing the mills and Toronto and Montreal warehouses of The Consolidated Pulp & Paper Company, Limited.

Elevator Destroyed.

The Farmers' elevator at Alexander, Man., was burned to the ground on Tuesday morning last. The cause is unknown. It contained 18,000 bushels of wheat, which was insured at market value. The building was insured for \$5,000. The books were saved.

Canadian Explorer Returns.

Mr. J. W. Tyrrell, the well known explorer who, with C. C. Fairchild and Archibald Lofthouse, was commissioned to explore the country between Hudson Bay and Mackenzie River, returned to Winnipeg on Monday last. The country they explored occupies an area of nearly 100,000 square miles. In many parts the vegetation was good and this was especially the case in the valley of the Tuelon river. Here, too, the musk ox and the deer were to be seen in large numbers. It is eleven months since Mr. Tyrrell's party started on its trip.

DON'T BE DECEIVED.

The fact that we have been having fine, warm weather for the past six or seven weeks is no proof that it is going to continue. Winter is upon us and you must prepare for it. We are here to protect you from the cold, and all we ask you to do is to call and examine our large stock of

UNDER-WEAR.

We have the
WOOL FLEECE and from
COTTON FLEECE } \$1.20 PER SUIT up.
and a great variety of
ALL WOOL from \$1.00 PER SUIT up.

It will pay you to see our goods before purchasing. Don't be deceived by the saying they are just as good; but call and be convinced.
